| <br>         |  |                       |
| <b>10:55</b> | <b>Stakeholder Updates &amp; Issues</b>  |                       |
|              | <b>Mr David Buzan of the Harmful Algae Bloom (HAB) Workgroup:</b>  |                       |
|              | Introduce the topic of potential problems caused by bluegreen algae  |                       |
|              | Identify where they are occurring and/or causing problems  |                       |
|              | Identify who may be monitoring for algae and what monitoring results have shown.   |                       |
|              | The intent is to gather information from stakeholders on their own experiences with algal blooms and to establish a mechanism to facilitate information exchange with Public Drinking Water. |                       |
| <br>         |  |                       |
| <b>11:20</b> | <b>Other Issues of Immediate Concern</b>   |                       |
|              | Upcoming training, conferences, meetings & public forums   |                       |
|              | Next Meeting: T.B.A.   |                       |
|              | Location/Topics  |                       |
| <br>         |  |                       |
| <b>12:00</b> | <b>Adjourn</b>   |                       |
